

04718 SPRITZ

Letačka vjetrovka Spritz napravljena je od microfibre, svilaste i baršunaste površine, prozirna i nepromočiva. Jakna ima odvojivu, prošivenu najlonsku podstavu što je čini nosivom i za prohladno zimsko vrijeme. Sama vjetrovka je lagano podstavljena te se može nositi od proljeća do jeseni.

Materijal: microfibra
Veličina: S-M-L-XL-XXL
Boja: modra, zelena

Bomber jacket Spritz made of microfiber fabric, with velvety touch, breathable and waterproof. The garment has a stitched nylon detachable padding that makes it suitable also for winter time. After having detach the padding, there is the internal lining so the bomber jacket can be worn from spring until autumn.

Fabric: microfibre
Size: S-M-L-XL-XXL
Colour: blue, green

04625 ASPEN

Jakna je od microfibre s PU prevlakom. Podstava joj daje sportski izgled, a izbor boja čini ju praktičnom za radnu odjeću. Posebnosti: Četiri vanjska džepa, dva sa zatvaranjem pomoću dugmadi, a dva s patentnim zatvaračima. Dva unutarnja džepa i jedan za isprave. Dvostruko zakopčavanje, dugmad i dvosmjerni patentni zatvarač. Odvojiva kapuljača s umjetnim krznom koje se može skinuti. Vunasti ovratnik i manžetne su vrlo ugodni pri nošenju, a kvalitetna izrada ostavlja snažan dojam.

Materijal: microfibra s umetcima i dodacima u crvenoj boji
Veličina: S-M-L-XL-XXL
Boja: crna s crvenim dodatcima

Jacket in microfibre with PU coating. The padding gives it a sporty look and the colour makes it practical also for working time. Features: 4 outer pockets, 2 with buttons and 2 expandable pockets. Two inner pockets and one for documents. Double fastening, the first with buttons and the second one with a practical "windprotection" with zip double slide. Detachable hood with removable synthetic fur contour. The fleece on the neck and the elasticised cuff are very comfortable. The inner finishing touch has a strong impact.

Fabric: microfibre with fellings and accessories in red colour.
Sizes: S-M-L-XL-XXL
Colours: black with red accessories
