Boja: siva

### IPCZ ČARAPE S GAČICAMA (hulahop)

Osnovne značajke:

Anatomske, antialergične i bez mirisa, od kvalitetnog materijala koji zadržava oblik.

Fabric: 100% polypropylene

Model: duge, hulahop

Veličina: S - M - L - XL

Boja: crna

**01CDENL DENVER**

## Basic characteristics:

Made of CoolMax® DuPont, special fabric with great sweat absorption capability. Special structure with thicker density. Permeable side bands prevent overheating of the soles. Designed for hard and heavy footwear.

Fabric: 42% CoolMax, 40% cotton, 11% polyamide, 7% elasthan

Model: Long

Sizes: 38-40 (S) - 41-43 (M) - 44-46 (L)

Colore: (080) Grey

**01CVERL VERMONT**

## Basic characteristics:

Special weave in the upper part prevents them from slipping down. Made of soft processed wool. Teflon® DuPont gives the sock great protection against water and staining, it repels oils generally.

The treatment has been tested and guaranteed by the Ciba testing laboratory. The inside of the sock is padded in order to achieve maximum comfort. Optimal for damp and cold environments.

Fabric: 45% wool, 45% Acryl 10% polyamide

Model: Long

Sizes: 38-40 (S) - 41-43 (M) - 44-46 (L)

Colore: (020) Green

**01CMANL MANCHESTER**

## Basic characteristics:

Highly technologically elaborated, made of TACTEL® MULTISOFT material. Distinctive in its softness, sheen and durability, together with special weave, it provides maximum comfort. Suitable also for those who work in very cold environments or who go in for winter sports. It dries quickly and does not stretch.

Fabric: 100% TACTEL

Model: Long

Sizes: 38-40 (S) - 41-43 (M) - 44-46 (L)

Colore: (060) Black

**01CMERL MERINO**

## Basic characteristics:

Made of very warm merino wool, weaved together with polyamide thread to increase durability. Padding inside provides maximum comfort. This type of wool has the ability to maintain optimal microclimate around the foot. It is designed for those who work in particularly cold climatic conditions.

Fabric: 90% Merino wool, 10% polyamide

Model: Long

Sizes: 38-40 (S) - 41-43 (M) - 44-46 (L)

Colore: (019) Creamy

**01CMHRL MOHAIR**

## Basic characteristics:

Made of a wool-cotton blend. Adaptation of elasticity for perfect comfort and adhesion, with reinforcement to reduce wear and tear in the toughest places. The inside of the sock is softly padded for great comfort. Optimal for those who work in damp and cold environments, and in leisure time for climbing footwear as well as hunting and fishing Wellington boots.

Fabric: 35% wool 30% Acryl 20% cotton 15% polyamide

Model: Long

Sizes: 38-40 (S) - 41-43 (M) - 44-46 (L)

Colore: (080) Grey

**IPCZ HOSIERY**

## Basic characteristics:

Anatomical, made of hydrophobic polypropylene thread, resistant to fungi and germs, with antiallergic properties and anti-odour treatment. Light internal covering works as thermoregulation.

THESE LONG JOHNS DO NOT TEAR HAIR AND DO NOT STRETCH. The thread used fulfils strict environmental and toxicological parameters.

Fabric: 100% polypropylene

Model: Long

Sizes: S - M - L - XL

Colore: (060) Black
